

Thank you from Pastor Dawn ...

I would like to thank all of you for being a part of my Ordination Service held on January 29. It was such a blessed event, and I am very grateful for all the support and encouragement that each of you have given.

Everything that took place on that day was very special, down to the decorations, people wearing red, (which is my favorite color), but most of all, the effort to make the day a memorable one. Thank you for the beautiful clock presented to me by the Ministry Commission. If you would like a close-up look, stop by my office where it has a very special place. Your efforts showed in everything, including all of the music, the beautiful sounds of singing, the floral arrangement and the lovely reception.

If my memory serves me correctly, I will remember this day forever, and that is due to my added family at Bush Creek. I could never thank you enough. God Bless you all. May the Lord continue to walk with each of you in the journey we all now face together.

Thank you and God Bless,

Pastor Dawn
